### History of Lowerhouse Cricket Club.

REVIOUS to starting on their present ground, there were two clubs in Lowerhouse playing under the names of "Garibaldians" and "Britannia," the first one playing on a ground near the Griffin Hotel and the latter one on a ground called the "Holme." In August, 1862, these two clubs met together and after their meeting approached the late Mr. James Dugdale, who let them have the field they now occupy and which has since been loaned to them by Messrs. Dugdale. The members in their spare time did the draining and relaying of the ground and eventually made a good playing pitch. Of the founders of the club, mention must be made of the father of the famous three brothers, Branch, who played such a prominent part in Burnley cricket, the father at this time working as a book-keeper in the mill at Lowerhouse. Mention must also be made of the late T. Holland, A. Wolstenholme, W. Whittaker, and T. Laycock, who took such a prominant part in playing, and also J. Varley, who was the first president of the club, and W. Smith, the

treasurer, while of those who are still members of the club, and who also helped the club materially we have W. Wilkinson, I. Elliott, J. Clapham, and R. Grimshaw. We must also mention D. Haworth, who at that time was considered to be one of the finest left hand bowlers in the district. On one occasion he was playing against Harwood, a noted club at this time, Charley Ullathorne, being Harwood's pro. Haworth obtained four wickets in good time, but owing to a dispute arising about a batsman being given out l.b.w., the match was abandoned. It was contended that a batsman could not be given out l.b.w. to a left-hand bowler. Haworth-subsequently went to Rochdale to join his brother in the business of a printer, and only two seasons ago he came over to Lowerhouse to be present at one of their matches. At this time Lowerhouse was a good local village team, and amongst its players was I. Walton, who was nicknamed "Bray," after catching Bray out, who was then pro. at Turf Moor. C. Ingham was the wicket keeper about this time, and it was quite an honour to him when he went to Old Trafford to assist Lancashire against Kent. James Wilkinson was also a good all round cricketer. After leaving Lowerhouse, he assisted Burnley in 1878, and rendered good service while playing at Turf Moor. James Hartley was also a player about this time, and ever since he has taken a great interest in the doings of both players and club up to the time of his death, which took place so recently as March 20th this year. H. Whittaker, P. Whittaker, W. Crabtree, and T. Sager must also be included in the list of players previous to the days of professionals. It was not until the year 1874 that Lowerhouse claimed a professional of their own, he being called Gibson Price, of Birkenhead, his salary being very small in comparison to present day professionals' salaries. On the whole, he did very well for the club, his average at the finish of the season being: batting, 9 innings, 1 not out, highest score 54, total runs 246, average 30.75; bowling, 25 wickets, average 17.2. Coming to more recent years, we have had some very good players, amongst whom might be mentioned the late Sam Barnes and Richard Holden, also W. Bowling and J. H. Sherman, who are still members and supporters of the club. In 1890, a most remarkable occurrence took place with regard to the club's prize for the best aggregate. S. Barnes and W. Bowling tieing with 209 each.

#### History of Lowerhouse Cricket Club—continued.

One of the outstanding figures in connection with Lowerhouse is T. Shutt, who has filled professional engagements with Stalybridge, Perth, Howick, Liverpool Northern, Lowerhouse, Rishton, and Read, his performances with Lowerhouse with both bat and ball has been good, and as an amateur member of the team he knocked up three centuries, whilst he has hit up two centuries as an amateur for Burnley. His feats include in 1895, \*173, which for a time stood as a Lancashire League record, his centuries in addition for Lowerhouse, \*102 in 1909 and \*113 in 1910. T. Shutt has also rendered splendid service with the ball, having the best average on record as an amateur, 76 wickets in 1910. Other centurions for the club are: Vost, pro., 112 and \*110 in 1903, and \*100 in 1905; R. Holden, \*110 in 1896; J. Cook, 118 in 1901; W. Whittaker, 100 in 1906 and 122 in 1911. Lowerhouse have also produced a county player in J. S. Heap, who joined the staff in 1903, and who has now become a regular member of the county team. This does not in any way exhaust the list of excellent batsmen and bowlers who have done excellent work for the club, amongst whom must be mentioned M. J. Walker, W. Whittaker, J. J. Elliott, &c. To B. Gregory (pro.) belongs the honour of having taken the most wickets in one season, 104 in 1900, while the highest aggregates for the club have been made by Harrison, (pro.) 692 in 1913, and J. Cook, (amateur,) 555 in 1900. Amongst the most successful pros. recently engaged by Lowerhouse must be included Tolson, both as a batsman and bowler.

In 1873, the first Amateur Athletic Sports was held at Lowerhouse on August 23rd, and these resulted in a profit of £11 16s.  $9\frac{1}{2}$ d., the receipts being £30 5s.  $3\frac{1}{2}$ d., expenses £18 8s. 6d. These sports were held annually for a period of 32 years, the last being on June 24th, 1905.

Mr. Wilkinson, the present secretary, was appointed in 1882, and with the exception of two years during which Mr. J. H. Sherman acted as secretary, he has fulfilled this position. During his office as secretary, a few figures are given from the balance sheet which will no doubt be interesting. In 1882 the gate receipts were £19, members' subscriptions £34, number of members 93, total receipts £218, expenses £197, professional's wages £37. In 1892 the gate receipts were £49. members' subscriptions £61, professional's wages £110, total receipts £562 (including £300 from sports), and expenses £535. In 1902 the gate receipts, with the addition of refreshments, were £180, members' subscriptions £175, total receipts £648, expenses £591. Last season's gate receipts, with refreshments, were £169, members' subscriptions £172, total receipts £446. On the season's working, it showed a loss of £68; total members 570. In 1900 the committee had to make preparation for alterations to the ground owing to a new road being made to Rosegrove. This necessitated the building of a new pavilion and putting up good hoarding on one side of the field. The pavilion was built during the winter and was formerly opened in May, 1901, by Mr. G. T. Gill, president of the Lancashire Cricket League, the total cost of alteration being about £400. Towards this, the committee had to get a loan of £250 from J. T. Dugdale Esq., and it is for the purpose of clearing off this and also the overdraft at the bank and to put the club on a good financial basis that this bazaar is being held. The club is essentially a working man's club, and the committee are all working men and are guarantors for this money, and they now think the time has come for them to be released from this responsibility, and they fully hope that the result of this bazaar will come up to expectations.

#### BALANCE SHEET & REPORT FOR 1868.

GENTLEMEN,

I feel much pleasure in submitting to you my Financial Report of the past year. You will be agreeably surprised, after the expensive season just passed, to know that we can command such a respectable balance. We have just re-laid part of the ground, and now contemplate the erection of a pavilion, which, as you may suppose, will tax our energies to the utmost. Relying upon your continued assistance I have no doubt as to the result.

I remain, Gentlemen,

Faithfully yours,

ADAM WOLSTENHOLME, Financial Secretary.

## MILK STOUT

(Licensed under Mackeson's Patent.)

WE have pleasure in bringing to your notice a new beverage.

Milk Stout is brewed from the finest Pale and Roasted Malts, and the choicest Kent Hops, in combination with the soluble constituents of PURE DAIRY MILK.

It is a pure Nourishing Stout, and the Milk Extract adds a delicious soft palate without altering the flavour, thus making it an excellent drink for invalids and especially for nursing mothers.

Each pint of Milk Stout, in addition to the usual nutriment of stout, contains the energising carbo-hydrates of half-a-pint of pure dairy milk

### The Advantage is

That with a Shirt bearing the name "FASKOLA" there is no loss of colour. You can send it to the laundry time after time, and at each reappearance it looks as fresh as the day you bought it.

The colour is guaranteed, therefore don't worry, but just call in at our establishment (which is the only shop in Burnley where you can obtain "FASKOLA" Shirts), and make your purchase either of one at 3/11, or two for 7/6.
