2016 Match Rules

50 overs per side. One bowler can bowl up to 17 overs; all other bowlers are restricted to 14 overs.

When the ball is bowled, a maximum of 5 fielders are allowed outside the fielding circle.

No balls are worth 2 runs. If a no ball is given for overstepping with the front foot, the next ball will be a free hit. For the free hit, as long as the same batsman is on strike, the field cannot change except that close fielders can retreat to 15 yards from the bat.

Wides are worth 1 run, and the leg side wide rule is strictly applied – if the ball passes behind the batsman and outside leg stump, it will be a wide unless it touches the batsman on its way.

League points: 10 for a win, 7 for a tie.

Losing bonuses – up to 5, based on second innings.

Bowling bonuses – 2 points for bowling out the opponent.

A minimum 16 overs per hour must be bowled, 1 point deduction for a side bowling too slow in any innings.

Matches start at 1 pm and the tea interval lasts 25 minutes.
